Auctioneer Comments: Dale was a respected farmer and businessman who owned and managed
Tri-County Tractor Sales for 30 years. He and his wife Pauline have been very involved in our
community, our school and their church. I have known this family my entire life and am honored to be a
part of this auction.

If you're a Ford Tractor enthusiast you need to attend this sale. The 8N and 9N tractors have either been
restored or are in really good shape. Toy Tractors are still in boxes. The tractor tires have been in a
shed and have never been used. Household items are good quality. We will have two auction rings going
for a while. There is something here for everyone. In the event of inclement weather we do have shelters
to work under.
